Shelly Bypass

Shelly Bypass for 1L/2L: 3800238070908
Shelly Bypass Dimmer Gen3: 3800238071639

Product description

The Shelly Bypass is required when using the Shelly Dimmer Gen3 or Shelly Dimmer Gen4 in installations without a neutral wire and with loads under 20W.

It ensures stable operation of low-power lighting circuits, preventing flickering or malfunction, and is an essential accessory for achieving reliable dimming performance in no-neutral installations.
