Shelly Multicolor Bulb E27 Gen3

Smart Wi-Fi RGBCCT LED bulb with E27 socket

EAN code: 3800238073183

Product description

The Shelly Multicolor Bulb E27 Gen3 is a smart Wi-Fi and Bluetooth-controlled dimmable LED bulb with full RGB color and adjustable color temperature from 2700 K (warm) to 6500 K (cool). It fits any standard E27 socket and operates like a regular bulb — but adds remote control, smart schedules, scenes, and integration with major smart home platforms.

Set up and controlled easily through the Shelly Smart Control app or your preferred smart home system, including Home Assistant, Google Home, Amazon Alexa and SmartThings. The bulb also acts as a Wi-Fi range extender and Bluetooth gateway for other Shelly devices — and supports direct control from Shelly BLU remote controls and buttons.
